International  
hrs**

**Opening Hours: 10:00-20:00**

## **Premier Benelux Green Sector Trade Fair! Wednesday 1 thru Friday 3 Oct. 2008 in Zundert, Holland.**

### **For All Your Green Business!**

With its 250 stand holders, over 9000 visitors from 15 countries, and central Benelux location, the annual GrootGroen Trade Fair is one of the major green business events in Europe! A great opportunity to make new business contacts and do business!

### **Total Package**

GrootGroen stand holders present a broad range of tree nursery products, forest and hedge shrubbery, ornamental shrubs and conifers, both potted and in soil, avenue trees, perennials, fruit and roses as their core lines, with suppliers offering a total package of products and services.

### **Latest Developments**

GrootGroen is first and foremost the trade fair of innovations. This year you will again find, beside the latest technological developments, a large selection of new plants that are presented for the first time and judged by a professional jury under the auspices of the Koninklijke Vereniging van Boskoopse Culturen (Royal Association of Boskoop Cultivations). A visit to GrootGroen 2008 is therefore a sound investment in every respect!

### **Demonstrations**

On Thursday and Friday, DLV Plant will be demonstrating GPS-technology innovations involving satellite controlled row planting of forest and hedge shrubbery and precision weed control (at 11:00 hrs and 14:00 hrs).

We look forward to welcoming you at GrootGroen 2008 on Wednesday the 1st, Thursday the 2nd and Friday the 3rd of October in the Assortimentstuin (Stock Garden), Zundert. Please use the Klein Zundertseweg Entrance, Zundert. Opening Hours 10:00 – 20:00 hrs.
